

APPENDIX A, part 1

Sample Generalist Practice Curriculum Matrix with 2015 EPAS Competencies

This is a sample matrix, but at a minimum the curriculum matrix should include: 1) the nine social work competencies; 2) the course(s) where each competency is implemented; 3) course content (e.g. readings, module, assignments, class activities) where each competency is implemented; and 4) the dimension(s) (knowledge, values, skills, and cognitive & affective reactions) associated with the course content for each competency.

Each dimension must be represented for each competency.

Note: Programs are encouraged to develop their own matrix format that works with their syllabi and curriculum content

Generalist Practice Curriculum Matrix					
Competency	Courses	Course Content	Dimension(s)	Course unit(s) of content*	Page Number in Volume 2*
Competency 4: Engage In Practice-informed Research and Research-informed Practice	SW112: Introduction of Social Work Research	Literature review assignment: 1) Identify research designs. 2) Distinguish formal research and practice anecdotes. 3) Identify experimental vs. correlational analyses.	Knowledge, Skills	Units 2 & 3	23
