CSWE 2018 Summer Leadership Scholarship Program

The Council on Social Work Education (CSWE) is pleased to announce its 2018 Summer Leadership Scholarship Program associated with the HERS Bryn Mawr Summer Institute for Women in Higher Education Administration. This program is a joint effort with HERS for the participation of CSWE-recommended members in HERS Bryn Mawr Summer Institute. Up to three scholarships are available.

HERS Institutes provide an intensive 12-day curriculum that prepares women faculty and administrators for institutional leadership roles. The Institutes focus on knowledge, skills, and perspectives for achieving institutional priorities and maximizing institutional resources. HERS Institute participants work with HERS faculty and HERS alumnae to create the professional development plans and networks needed for advancing as leaders in higher education administration.

HERS Bryn Mawr deliberately seeks a diverse group of approximately 70 women leaders to share and learn from their multiple perspectives under the guidance of women faculty from higher education, national organizations, government, and foundations. The participants are sponsored by a range of institutional types from different regions of the country. HERS Institute participants generally hold mid- to senior-level positions and bring expertise from many academic disciplines and organizational specialties. They also represent a range of ethnic and national groups, ages, and years of experience in higher education and other related fields.
