Annual Survey of Social Work Programs: Full-Time and Part-Time Social Work Faculty

Welcome to the faculty section of the 2017 Annual Survey of Social Work Programs. In 2011, the CSWE Commission on Research changed the faculty survey instruments to collect only aggregate information about full-time and part-time faculty members in a single survey instrument in the hope that it would reduce your time burden while still giving us critical information about social work faculty. The faculty survey is only sent to one contact at each institution, so if you have multiple social work programs at your institution please include all of those faculty members in your responses. The information we collect through the Annual Survey is used by the social work education community in research, program planning, and advocacy work. Your participation is critical in obtaining a complete picture of social work education. You can find a summary of the past surveys at the CSWE website (<https://www.cswe.org/Research-Statistics/Research-Briefs-and-Publications>). If you need a copy of a past report submitted by your program, you can e-mail the research associate for a copy. If you have any questions or concerns, please contact the research associate, Katie Benson (research@cswe.org). Thank you in advance for participating in this important process.

Please note that the survey will time out after 60 minutes. If you need to step away for an extended period of time, please use the "Save and Continue Later" button.

Printing your report: You can print a copy of your report when you choose to "save and continue later" and on the survey submission confirmation page.
